

Empower™

Ready to Empower™?

Clean. Fresh. Modern: Empower.

call **800 262 1984**
or visit **www.prentrom.com**

Empower is PRC's interface for Accent® devices that's easy to use. Empower uses common terms and familiar actions, with clear directions and descriptions. The streamlined and simpler navigation makes it easy to start communicating – fast.

Empower is designed to drastically reduce set-up/training time – now you can do it all in one session. It's visually easier to program, with one-step programming.

Customizable, it's intuitive to use and easier to learn.

Empower also features a better Vocabulary Builder, with better visibility of options.

Accent 1000 with Empower.

Empower is:

- Quick
- Simple
- Easy

Compatibility

Empower is compatible with PRC Accent devices (1400, 1000-20/30 and 800-20/30), as well as touch, head tracking and eye tracking access methods.

The initial release of Empower will support the Unity® and LAMP Words for Life® language systems.

Availability

Empower will be available for clinical review via PRC consultants in February. Devices shipped after February and configured for either the Unity or LAMP Words for Life language system will include Empower.
